

QF CEILING SPEAKER RANGE

A COMPLETE RANGE FOR EVERY APPLICATION

A complete range of ceiling speakers
including twin cone, coaxial and
premium models.

QFC5CS / QFC6CS / QFC8CS • QF5CS / QF6CS / QF8CS / QF8CSB • QF20CS / QF60CS / QF80CS

The Australian Monitor QuickFit range of ceiling speakers provides **options for every application**, from simple background music and paging installations to high quality music in pubs, bars, and clubs.

The twin cone QF range is the **perfect choice where an economical solution is required along with high intelligibility and SPL**. If cleaner lines and higher quality music are needed, then the coaxial QFC range is ideal. **Frameless, magnetic grilles, higher power handling and the built-in tweeter** make these the perfect choice

for quality music installations in boardrooms, retail, and function centres.

Need more power, solid bass response with music reproduction being the primary focus? Then the QF premium range is the speaker of choice. The back can and front ported enclosure increases bass definition in the room and reduces spill in the ceiling cavity, while the frameless, magnetic grilles provide clean lines. They are the perfect solution for bars, nightclubs, and function centres.

QUICKFIT DUAL CONE SERIES

QF5CS • QF6CS • QF8CS • QF8CSB

The Australian Monitor QuickFit range of ceiling speakers has been an industry staple for over a decade.

This QuickFit series of dual cone, flush mount ceiling speakers offers exceptional voicing, a refined toggle mounting system, and all the information you need to install including a cut out template providing wiring, wattage tapping and cut out information.

The QuickFit dual cone series QF5CS, QF6CS, QF8CS and QF8CSB provide cost effective solutions for a myriad of commercial audio applications such as education, shopping centres, common areas, RSLs, clubs, restaurants, fire evacuation systems and many more applications that requires a reliable high quality affordable commercial ceiling speaker product. Each model also features a supervisory capacitor as standard to allow for evacuation system integration.

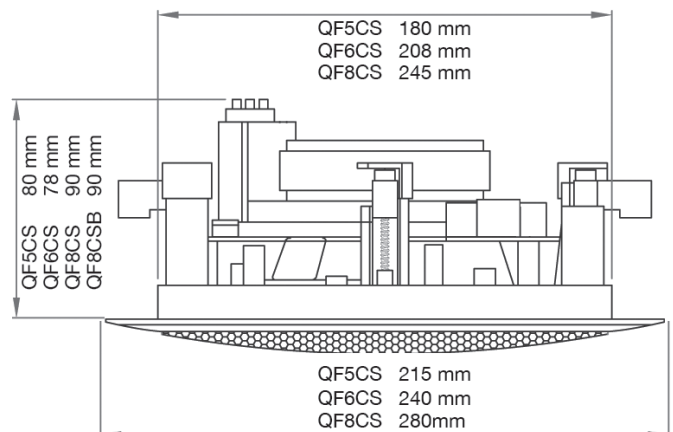

QF8CS Front - with and without grille

FEATURES

- 5, 6 or 8 inch dual cone driver
- White ABS plastic baffle and powder coated steel grille.
Also available in black version, QF8CSB
- 100 volt line transformer
- Evac. capacitor as standard

QF8CS Rear

QUICKFIT COAXIAL SERIES

QFC5CS • QFC6CS • QFC8CS

The QuickFit coaxial series of ceiling speakers features three models, each with a 2-way coaxial driver producing high SPL and intelligibility.

The frameless grilles provide a modern sleek look sure to please end users, consultants, and architects alike. If you require a black ceiling speaker it's as easy as changing the grille. A black grille for each model can be purchased separately as an accessory.

The QFC5CS, QFC6CS and QFC8CS series of QuickFit ceiling speakers are the perfect choice for situations demanding high intelligibility and SPL. Recommended for function rooms, school halls, retail spaces, boardrooms, place of worship, RSL's, clubs, pubs, restaurants, and many other commercial applications. Each model also features a supervisory capacitor as standard to allow for evacuation system integration.

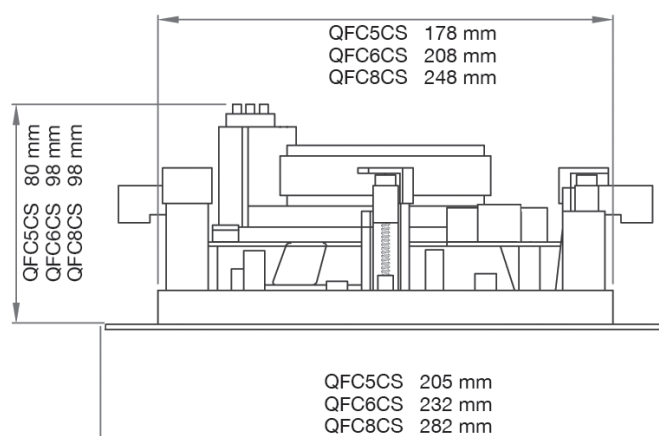

QFC8CS Front - with and without grille

FEATURES

- 5, 6 or 8 inch coaxial high powered driver
- QuickFit white frameless powder coated steel grille
- 100 volt line transformer
- Evac. capacitor as standard
- Optional black grille available

QFC8CS Rear

QUICKFIT PREMIUM COAXIAL SERIES

QF20CS • QF60CS • QF80CS

When you need more power and solid bass response the QuickFit premium coaxial series of ceiling speakers are sure to exceed expectations.

This premium series features two way coaxial drivers producing high SPL and detailed audio reproduction. The frameless magnetic grilles allow easy removal of the grille for tapping changes and quick installation. Porting through the front baffle improves bass response and ensures detailed bass definition. The sealed back-can provides isolation in the ceiling space ensuring spill in the ceiling cavity is kept to a minimum.

If you require a black ceiling speaker it's as easy as changing the grille. A black grille for each model can be purchased separately as an accessory.

The QF20CS, QF60CS and QF80CS series of QuickFit ceiling speakers are the perfect choice for situations demanding high intelligibility and SPL. Pubs, clubs, bars, retail spaces, functions rooms, lecture rooms, boardrooms and many other commercial spaces requiring a premium high powered ceiling speaker solution.

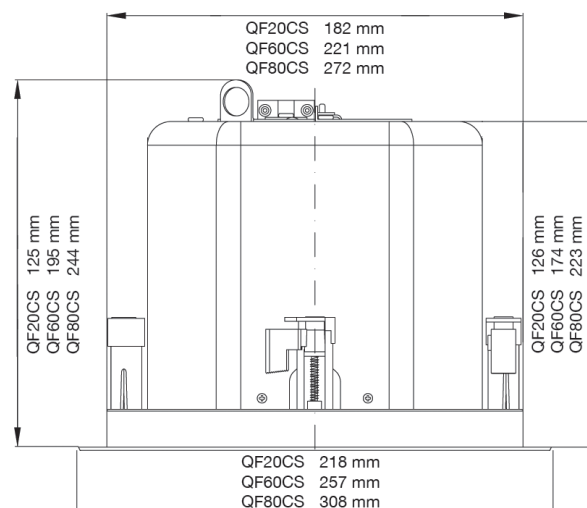

QF60CS Front - with and without grille

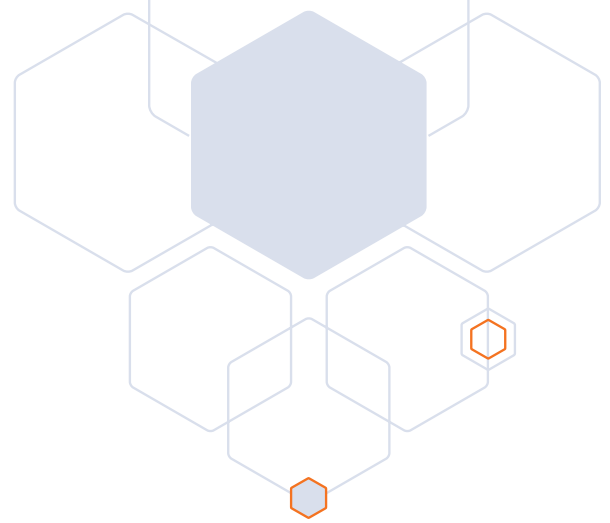

FEATURES
